

# Meet Your ID.me Team

We are excited to partner with you to deliver ID.me's digital identity verification solution. We've assembled a phenomenal team to make our partnership as successful as possible.

## Customer Success Team

The ID.me Customer Success Team does exactly what its title suggests — we enhance our customers' success! This team is your liaison to the rest of ID.me. They will guide you from start of integration to go-live, developing a timeline for implementation and ensuring all parties stay on track. After launch, this team will continue to be your main point of contact at ID.me.
